## Update Google Earth Layer II

The promised update of our Google Earth layer was finally done, and neatly wrapped up at [GE Layer](#).

We now have the following maps:

- Bufalini 1503
- Nolli 1748
- Censo 1866
- Piano Regolatore 1870
- Piano Regolatore 1926
- Piano Regolatore del Governatorato
- Piano Regolatore 1962
- Agro Romano

And the following layers:

- Finding Spots
- Points of View

Points of View is a nice touch, which I'll explain later in this series.
